

**Empowering
resilience
with innovation
and sparking hope
amidst trying times,
BPI MS is building
a future where Filipino
dreams prosper.**

About the Cover

In a tropical country that sits along the ring of fire, where an average of 20 typhoons pass each year, there is no question that the resilience of Filipinos is constantly put to the test.

Our possessions – cars, homes, businesses, our memories, and experiences, who we are and what we have become – are the fruits of our labor, our diligence, our perseverance. To lose any or all of these in an instant will be painful beyond words. Even the cash benefits we can claim against any insurance policy will be a poor substitute to what we have gained and lost. Especially, as there is no insurance to recover time. And the vigor and energy that we rallied behind chasing our dreams and achieving them for the first time may not be as strong and bright if we were to restart the journey from ground zero.

Still, insurance benefits have proven time and again to spark hope when it is needed the most. **Very much like the Japanese Sakura or cherry blossoms – a herald of spring, a symbol of life, vibrancy and vitality.**

The chance to start over, the opportunity to rebuild better, is a gift that not many Filipinos appreciate until it is too late. So it is extremely important for us to be able to deliver our insurance solutions as easily and conveniently as possible. It is mission critical for us to make BPI MS solutions accessible in that moment, which can be fleeting, when the need for insurance occurs in the minds of our target markets – wherever they may be and whatever time of day.

In 2023, BPI MS focused its resources on innovations that bring insurance solutions literally in the palm of our customers' hands, at the tip of their fingers with Home Protection completing the basic coverages available in BPI MS Express Protect, with the digitalization of Personal Accident 365, with the launch of Personal Cyber Insurance through partnerships with GCash and BPI. And we are not yet done.

BPI MS is committed to push people, product and process innovations further to help create a world where Filipino dreams can continue to prosper.

Message from the President

Dear Shareholders,

Overcoming hurdles and finishing strong is possible — with a clear goal and unrelenting hope. Following the Philippines' growth momentum in 2023, BPI MS empowered the underlying resilience of Filipino individuals, families, and enterprises. We did this by offering a careful balance of fundamental stability and agility in innovation.

Riding the momentum with stability and agility

The Philippines finished strong by yearend, posting a full-year GDP growth rate of 5.6% for 2023. The country outperformed its neighboring Southeast Asian economies, and even matched or exceeded the forecasts of the World Bank and similar organizations. The robust growth was driven by the resumption of economic activities, along with consumer and public infrastructure spending. The surge in remittance flows from overseas Filipinos boosted household consumption and domestic demand.

BPI MS' 2023 performance mirrored such vigorous growth. We achieved our highest growth rate in the last seven years with a 12.8% increase in Net Premiums Written (NPW).

Consistent growth and a constant commitment

The substantial NPW growth in 2023 was fueled by the recovery of the motor insurance business. We benefitted from the recovery of the car sales industry and improved mobility as we were well-positioned to provide a variety of relevant protection solutions to vehicle owners.

Prior to and even through the intervening years of the global health crisis, BPI MS has consistently shown stability in its financial performance.

Underpinning this consistent growth trajectory is BPI MS' constant commitment to helping more Filipinos in protecting their hard-earned assets, securing them from financial risks, and enabling them to achieve their goals.

Expanding accessibility and safer digitalization

Staying ahead of the curve, BPI MS introduced new insurance solutions attuned to evolving customers' needs, and designed to serve new market segments.

BPI MS increased the accessibility of home insurance for the mass market, as we renewed our partnership with a lending company and continue offering affordable home contents insurance to consumers who purchase appliances and gadgets.

As digital adoption ramps up among Filipinos, BPI MS offers intelligent and robust protection from vulnerabilities to cybercrime and online fraud. Addressing this critical concern, we introduced personal cyber insurance to protect our customers from such risks.

12.8%

Growth versus
previous year

“

We are more motivated than ever to empower resilience through innovation, rekindling hope when challenges arise, and creating a future in which every Filipino's dreams can come true.

— Ichiro Iwabuchi

Message from the President

6

Capitalizing on international tourism recovery, we continue to promote our travel insurance plan with COVID-19 coverage.

For BPI customers, we introduced the PA 365 Plus personal accident insurance. BPI is acknowledged as a leading provider of financial services and banking innovations in the Philippines, and PA 365 Plus gives its customers another edge. We introduced PA 365 Plus, a personal accident insurance product that includes free one-year dengue and food poisoning coverage for just Php365.

We remain competitive as we broaden Filipinos' access to affordable insurance. Our strategic driver in our success is the strong alliances with the Ayala companies and other partners. These collaborations have been vital in driving innovation, supporting growth, and creating value for our customers.

BPI MS continues to leverage these synergies, reaching across the industry and providing non-life insurance protection to more Filipinos.

Nurturing Filipinos and their future

BPI MS's mission encompasses the need to contribute to the Philippines' sustainable development.

That commitment begins within our organization. We help Filipinos protect their assets while nurturing our most valuable assets—our employees.

Within the framework of thriving careers, we support our employees' continuing advancement and well-being. Thus, BPI MS maintains its strategic investments in employee training and development, and productivity enhancement.

Looking outward, we have made improvements in the areas of financial inclusion and paperless transactions.

As a major player in the non-life insurance sector, BPI MS progressed in the delivery of low-premium insurance products to support the Philippine government's efforts for inclusive growth. We issued over 180,000 microinsurance policies to BPI's microinsurance customers in the previous year.

In the auto insurance market, we will keep on promoting insurance for green vehicles. For all our clients, we encourage the use of our digital platforms and tools to facilitate the transition towards paperless transactions.

These and other similar initiatives are concrete reaffirmations of our commitment to environmental sustainability.

Market leadership and regional recognition

Sound and strong corporate governance is essential for sustainable growth. Thus, BPI MS is honored to receive recognition for its unwavering efforts to uphold exemplary corporate governance practices.

This came at the Institute of Corporate Directors' Annual Golden Arrow Recognition in 2023. BPI MS was one of four non-life insurance companies recognized for garnering a score of at least 80 points in the 2022 Corporate Governance Scorecard Assessment.

The recognition is a reaffirmation, as BPI MS was awarded the Golden Arrow Award for the second year in a row.

Empowering resilience, enabling prosperity

The Board of Directors, employees, strategic partners, shareholders, and our strong customer relationship were all instrumental in making all these accomplishments and breakthroughs possible.

I would like to express my gratitude to our shareholders for their unyielding confidence—this is important for our further progress and future success; and to our Board of Directors for their integrity and excellent leadership. To our dear employees, accept my heartfelt appreciation for your diligence and your dedication to our mission and the Filipinos we seek to serve.

We sincerely thank you, our valued customers, for your loyalty — your goals and dreams provide meaning and direction to our year's work. Your dreams inspire all of us at BPI MS to continue this growth momentum in 2024. We are more motivated than ever to empower resilience through innovation, rekindling hope when challenges arise, and creating a future in which every Filipino's dreams can come true.

ICHIRO IWABUCHI
President and CEO

Company Profile

虎穴に入らずんば虎子を得ず
Koketsu ni irazunba koji o ezu.

In English, this Japanese proverb reads:
If you do not enter the tiger's cave,
you will not catch its cub.

These words of wisdom continue to ring
true for BPI MS.

As a company borne out of multiple
mergers and partnerships, we know it
would have taken foresight, strategy, and
humility coupled with elevated levels of
courage for the leaders of our ancestor
companies to engage with each other.
But they did just that: entered into the
tiger's cave to catch the cub. They took
risks and ventured out of their safe and
familiar zones evolving into the giant
financial institutions that eventually gave
birth to BPI MS.

We're proud to say that in 2023, BPI MS
also braved entering its own tigers' caves.
It dove into the digital space. Partnering
with renowned brands including GCash
and Home Credit Philippines. Introducing
products online including cyber insurance
and packaged home insurance solutions.

If entering the tiger's cave is what it will
take to help preserve and protect the
assets that Filipinos worked so hard to
obtain, then there we shall go.

1918

Mitsui Marine & Fire

Financial Highlights

For the years ended December 31, 2023 and 2022
(In thousands of Philippine Peso)

2023 2022

Net Premiums Retained

versus previous year
322,867 (+12.8%)

2,838,492

2,515,625

The recovery of car sales industry was mirrored by the company's motor line business, resulting in the substantial growth of the Net Premiums Retained.

Net Losses and Claims

versus previous year
335,643 (+39.6%)

1,183,408

847,765

While Net Incurred Losses rose, these are still below the pre-pandemic level. Several mid-sized, large fire, marine and motor-related claims contributed to the increase versus 2022.

Net Investment and Other Income

versus previous year
33,424 (+13.4%)

282,262

248,838

BPI MS continues to have a sound management of its investment portfolio. The double digit growth is attributed mainly from cash, government, and corporate bonds. The favorable asset allocation has enabled BPI MS to exceed the plan and the previous year's result.

Total Assets

versus previous year
1,183,250 (+7.3%)

17,365,045

16,181,795

Growth in the company's total assets reflects BPI MS's solid financial standing, effective resource management, and dedication to providing value to its stakeholders.

Return on Equity (ROE)

Variance %:
-2.4 pp

10.1 %

12.5 %

BPI MS remains committed to fulfilling its pledge of profitability to shareholders by achieving its return on equity (ROE) target for 2023.

Capital Adequacy Ratio (CAR)

Variance %:
-15.0 pp

348%

363%

The company maintains a capital adequacy ratio (CAR) that exceeds the minimum regulatory threshold of 100% and remains within its designated operating range.

Corporate Governance

Compliance Commitment Statement

The stakeholders of BPI/MS Insurance Corporation (BPI MS) believe that sound and effective corporate governance and compliance are the cornerstones of the Company’s strength and long-term sustainability. BPI MS subscribes to its core values of teamwork, integrity, and innovation and digitalization in the conduct of its business, with the ultimate mission of making its stakeholders happy and contributing to the development of the country.

We work closely with all our regulators to ensure adherence and consistency to its laws and regulations, striving to be in full compliance to the principles and practices established by the Insurance Commission as embodied in the Company’s Corporate Governance Manual, and related policies, procedures and guidelines. We undertake every effort to create the necessary compliance culture and awareness within the organization from which each program, activity and transaction are based on.

As evidence of its commitment to further continue its efforts to raise the level of its compliance with the ASEAN corporate principles, BPI MS received in 2023, for the second time in a row, its One Golden Arrow Award under the 2022 Corporate Governance Scorecard.

Having yielded a score of 82.69 points, the Company was among the 4 non-life companies scoring 80 points and above, out of 49 companies.

Corporate Objectives

BPI MS aims to achieve the following short-term and medium-term objectives:

- Short-term:**
 - Improve internal processes.
- Medium-term:**
 - Sustain profitability.
 - Embed Enterprise Risk Management in our business and strengthen governance and compliance.

Roles and Responsibilities of the Board

The Board bears the primary responsibility for creating and enhancing the long-term shareholder value of BPI MS and ensuring that this objective is achieved in all its business activities. It ensures BPI MS’ ability to address the needs of its customers, sustain its leadership and competitiveness, and uphold its reputation in order to maintain BPI MS’ long-term success and viability as a business entity. Its mandate consists of setting the strategic business directions of BPI MS, appointing its key officers, approving all major strategies and policies, overseeing all major risk-taking activities, monitoring the financial results, measuring and rewarding

the performance of management, and generating a reasonable investment return to shareholders. Board-level governance committees are likewise established to provide the necessary check and balance on company processes. It shall also provide an independent check on management.

The Duties and Responsibilities of the Board and of the Directors can be found in the Board Charter.

Board Independence and Diversity

The Board is composed of ten (10) members who are elected by the BPI MS stockholders entitled to vote at its annual meeting and hold office for one (1) year or until their successors are elected and qualified in accordance with the By-Laws of the Corporation. Going beyond the IC recommendation of having at least two (2) independent directors, BPI MS has three (3) independent directors appointed to the Board. Board diversity is considered from varied aspects when designing the Board’s composition including but not limited to gender, age, nationality, cultural and educational background, professional experience, skills, knowledge, length of service of directors, and other regulatory requirements.

A majority of qualified non-executive members is elected to promote the independence of the Board from the views of senior management. Non-Executive

BOARD OF DIRECTORS

Chairman of the Board	Jose Teodoro K. Limcaoco
Executive Directors	Ichiro Iwabuchi, CEO Hiroaki Matsubara, COO
Non-Executive Directors	Tetsuya Adachi Clemens Philippi Maria Cristina L. Go Jaime Z. Urquijo
Independent Directors	Rodolfo M. Bausa (deceased)* Jesse O. Ang David G. Sarmiento, Jr.
Corporate Secretary	Ma. Lourdes P. Gatmaytan

*Board member until 10 September 2023

Corporate Governance

Directors comprises at least majority of the Board, to promote independent oversight of management by the Board. Eight (8) Non-Executive members of the board of directors are referred to those who are not part of the day-to-day management of operations and include the Chairman and the Independent Directors. Each Board member is vetted by the Nominations Committee prior to their election to ensure that there are no possible conflicts of interests that may affect the exercise of their independence.

Nomination and Election of Directors

In accordance with the provisions of the Company's By-Laws and Corporate Governance Manual, nominees for board directorship go through a nomination and screening process. The directors are elected by the stockholders entitled to one (1) vote per share at the Annual Stockholders' Meeting. The nominees receiving the highest number of votes are declared elected and will hold office for one (1) year or until their successors are elected and qualified in accordance with the By-Laws at the next annual stockholders' meeting.

The Nomination Committee establishes the principles for the selection of

candidates to the Board of Directors, selects candidates for the election or re-election to the Board of Directors and prepares a proposal for the Board of Director's decision. The Committee shall be guided by the Corporation's mission and vision in the fulfillment of its functions.

Induction and Continuing Education

The Board requires newly elected members to attend, within a reasonable period after their election to the Board, a seminar on corporate governance conducted by a duly recognized private or government institution. In addition, the newly elected members of the Board also undergo Board Training to orient them on their fiduciary duties and responsibilities as Board members, and to familiarize themselves with the BPI MS operations, senior management, and business and industry environment. Continuing education for all board members is also scheduled on an annual basis, with additional training opportunities for existing and new directors are, from time to time, identified and undertaken during the year, such as developments in anti-money laundering & CTF, IFRS 17, Enterprise Risk Management in General Insurance, and corporate governance, risk management and sustainability.

Board Annual Performance Evaluation

On an annual basis, the Board of Directors conducts an annual self-assessment exercise through self-assessment questionnaires given to each director. The Board members are required to assess the performance of the Board, the President/CEO, the Board Committees by its respective members, the Corporate Governance self-assessment of the Board, Compliance Officer and Chief Risk Officer based on the following evaluation factors: strategic foresight, board structure and committee effectiveness, board meetings and procedures, board and management relations, succession planning and training, performance evaluation and value creation. The evaluation provides a range of ratings from Needs Improvement to Excellent, with the inclusion of a comment portion for each level of the self-assessment.

The results of the assessments are submitted to the Corporate Governance Committee, to the respective Board-level Committees, and to the Board of Directors.

Every three (3) years, the Board assessments are recommended to be supported by an external facilitator. In 2023, the 3rd Party Board Assessment was conducted by Good Governance Advocates and Practitioners of the Philippines (GGAPP), results of which were presented to the Board on December 05, 2023.

Remuneration

BPI MS Personnel and Compensation Committee has the responsibility to review and approve corporate goals and objectives relevant to the Board of Directors, CEO compensation, senior management and key officers to enable the Company to attract and keep superior human talent in its fold. The Committee also reviews and approves base salary, incentive compensation for senior management and key officers, and recommend appropriate remuneration package to the Board for approval.

Board members receive per diems for each Board or Committee meeting attended. Such amounts are set and approved by the Board from year to year.

In 2023, the Board of Directors collectively received a total of Php 4,499,107.14 as fees and other compensation for the services rendered by them to BPI MS. The amount is equivalent to 1% of the net income of BPI MS after tax.

BPI MS takes effort in paying its Board, officers and employees competitively. As such, it is committed to review the remuneration on a regular basis to attract, retain and appropriately reward its workforce.

Corporate Governance

Board Meetings

Members of the Board attend the regular and special meetings in person or via teleconference or video conference or any other technological means allowed by law. The Board and Committee regular meetings are held on a quarterly basis, the schedule of which is set at the start of the year and is subsequently sent to all the members for their information. In 2023, a total of five (5) Board meetings were held, with a total overall attendance of 100%.

The Chairman presides over the meetings of the Board. Discussions during board meetings are open and independent views are given due consideration, the same being recorded in the minutes prepared by the Corporate Secretary. When necessary, the Board may hold executive sessions to discuss highly sensitive matters.

Continuous efforts are exercised to provide the Board and Committee materials to the directors at least five (5) business days prior to the scheduled meetings.

The Non-Executive Directors (NED), chaired by the Lead Independent Director, meets at least once a year. In 2023, the NED meeting was held on December 05, 2023. Regular governance and control reports from Internal Audit, Compliance and Risk Management are presented during these meetings. The NED likewise adjusts its agenda as it deems fit, but normally the key metrics of the Company, current and future plans and aspirations are discussed.

High Performance Culture

BPI MS is building a high-performance culture where performers are rewarded and receive opportunities for accelerated growth and learning. Our Performance Management (PM) process and rewards system differentiate performance with equal focus on leadership behaviors. A performance improvement plan process will be put in place to support employees facing challenges with the goal of bringing them to optimum performance levels.

A robust Organization & People Review (OPR) is in place with the objective of identifying top talents and successors and ensuring that the organization structure is designed to meet the Company's growth ambitions. The Company's key talents are provided with stretch assignments locally and in MSI Japan via the MSIJ International Secondment Program.

Career

Ms. Go heads the Consumer Banking Segment that primarily serves 11 million clients and oversees the 709 BPI branches nationwide, retail digital platforms, core retail products, specifically: deposits, auto loans, housing loans and life and non-life bancassurance and the support services. Ms. Go served as the President of BPI Family Savings Bank prior to its merger with BPI. Since the consolidation of these businesses into One Consumer bank, Ms. Go has steadfastly focused on driving strategy aimed on transforming the customer experience towards becoming what BPI refers to as "phygital", leveraging on the Bank's vast physical presence to offer trusted advice through its 9,300-strong cadre of expert bank personnel, complimented by best-in-class digital capabilities that make banking easier and more convenient, anytime, anywhere. Ms. Go has led various businesses in BPI such as Cardbanking, Retail Lending, and Consumer Segment Marketing. She has been a member of the Ayala Innovation Council since it was established in 2013.

Relevant Skills & Experience

Before joining BPI, Ms. Go was Vice President at Citibank Philippines managing the bank's Retail Bank Marketing then at Citibank Credit Cards Cross Sell Division in New York. She also worked in Ayala Land, Inc. to establish and head its Market Planning and Development Division where she became part of the team responsible for the company's foray into the middle-market. She started her career in Procter & Gamble as Brand Assistant then was promoted to Assistant Brand Manager, managing brands such as Mr. Clean, Perla, Star and Dari Crème. She served as the Secretary and Trustee of the Chamber of Thrift Banks. She currently serves as a Director of the Board of TransUnion Philippines and Legazpi Savings Bank.

Education

She earned a Master's degree from the Harvard Business School with honors in 1996. She graduated magna cum laude with a degree in BS Business Administration and Accountancy from the University of the Philippines Diliman, was awarded one of the Ten Outstanding Students of the Philippines, placed first in the CPA licensure exam in 1991, and was recognized as one of the UP College of Business Administration's Distinguished Alumni in 2012 and as one of the Filipina Women's Network Most Influential Filipina Women in the World in 2016.

JAIME Z. URQUIJO

Age: 35, Born 1988

Nationality: Filipino

Tenure

- Appointed Director of BPI/MS Insurance Corporation from June 2022 to Present

Board Committee Membership

- Member of the Executive Committee
- Member of the Personnel and Compensation Committee

Career

Mr. Urquijo is the Chief Sustainability and Risk Officer (CSRO) of Ayala Corporation. Mr. Urquijo is also a Director in the following companies:

Bank of the Philippine Islands, AC Industrial Technology Holdings, Inc., Merlin Solar Technologies, Inc., Merlin Solar Technologies, Inc. (Philippines), AC Ventures Holdings Corp, Integrated Micro-Electronics, Inc. and as Chairman of Klima 1.5 Corp. He is also Vice Chairman of the Board of Trustees and Chairman of the Executive Committee of Ayala Foundation.

Relevant Skills and Experience

Mr. Urquijo was previously Vice President for Business Development at Ayala Corporation's listed energy platform, ACEN. During his tenure at ACEN, he led initiatives to expand the group's portfolio of assets in the Philippines, Vietnam, Myanmar, and Indonesia. Most recently as country manager for Indonesia, he established ACEN's office in Jakarta. These initiatives resulted in 500MW of operating wind and solar assets in Vietnam and over 2GW of pipeline projects for ACEN across the region.

Mr. Urquijo served as Director of BPI AIA Life Assurance Corporation (formerly BPI-Philam Life Assurance Corporation) from 2021 to 2022. He held a key manager position in the Corporate Strategy and Business Development Group of Ayala Corporation from 2016 to 2020 and served as Senior Manager from 2021 to 2022. He was a founding member and Head of Business Development of AF Payments, Inc. from 2014 to 2016, a joint venture between Ayala Corporation and the Metro Pacific group which won a Public Private Partnership (PPP) concession to replace the ticketing system of the LRT and MRT of Metro Manila with a unified contactless ticketing system, called the Beep Card. The Beep Card was the first interoperable transport card in the Philippines. He started his career at J.P. Morgan in New York in 2010 and was an analyst and associate until 2013.

Outside Interests/Commitments

Mr. Urquijo is the president of the University of Notre Dame Alumni Association of the Philippines, an executive committee member of the INSEAD Alumni Association of the Philippines, an advisor to the board of the Philippine Rugby Football Union and a trustee of WWF Philippines.

Education

Mr. Urquijo graduated from the University of Notre Dame with B.A Political Science Degree in 2010 and received his MBA from INSEAD in 2018.

Operating Policy

Code of Business Conduct and Ethics

Insurance is a business of trust, and BPI MS is committed to deliver and embody the highest standards of integrity in all of its dealings. This is what the BPI MS Code of Business Ethics and Conduct is all about: it sets out the ethical guidelines all employees must observe in order for them to conduct their business dealings in an open, transparent manner, and maintain the highest ethical and professional standards, and in accordance with all applicable laws and regulations. BPI MS Directors, Officers, and employees are mandated to comply with the policies indicated in the code. Other business partners such as agents, contractors, subcontractors, etc. are also expected to apply the same standards in their business dealings with BPI MS.

BPI MS believes that integrity and trust are keys to continuing success in the business. Thus, all of its employees, with their unwavering dedication and commitment, strive to always protect and build the trust that BPI MS values from its clients and various stakeholders through ethical conduct.

New Employee Orientation

New joiners attend the New Hire Orientation to become familiar with our corporate profile, as well as our mission, vision and values. They are also oriented on our products, quality standards, mandatory programs, code of conduct, and other relevant policies. An overview

of the organization and its division and departments is also provided.

Anti-Fraud Plan

BPI MS' Anti-Fraud Plan is an overview of the Company's efforts to prevent, detect, investigate and report all aspects of suspected insurance fraud related to the different types of insurance offered by that insurer, as well as the different transactions and processes critical in the operations of the Company. The Anti-Fraud Plan applies to any irregularity, or suspected irregularity, involving employees as well as shareholders, consultants, vendors, contractors, insureds or proposed insureds, intermediaries and/or any other third parties. Any investigative activity required will be conducted without regard to the suspected wrongdoer's length of service, position/title, or relationship with the Company.

Anti-Corruption and Anti-Bribery Measures Guidelines

BPI MS implements the Anti-Bribery Measures Guidelines to prevent corruption. It also has a strict policy on receiving and giving of gifts and entertainment. These are disseminated to all employees for their awareness and form part of the annual mandatory Compliance Training. BPI MS prohibits bribery in any form, which may be activities similar to bribery, activities which could give rise to bribery allegations, whether direct or indirect, whether with respect to civil service employees, politicians or other third parties, and by or on behalf of BPI MS.

All employees are required to report to the Compliance Unit any acts of bribery or inducements.

Conflict of Interest

BPI MS has an established guideline in dealing with and handling of conflict of interest. Anything that would influence business decisions of the employees brought about by conflict of interest must be disclosed and approved on a yearly basis.

Related Party Transactions

Related Party Transactions Policy.

BPI MS recognizes the importance of establishing and maintaining policies and procedures for transactions among its related parties. These policies were made to ensure that such transactions are only undertaken on an arm's length basis for the financial, commercial, and economic benefit of the Company as well as the entire group where the Company belongs.

To strengthen BPI MS' governance over related party transactions, it established a framework that will address the following, among others:

- 3.1 Define related party and related party transactions (RPTs);
- 3.2 Set materiality threshold for RPTs to avoid occurrence of abusive RPTs;
- 3.3 Put in place an organizational structure for the proper handling of RPTs;
- 3.3 Prescribe processes and procedures in the preparation of the reports required to be submitted to various stakeholders.

Related Party Transactions Committee.

This Committee is appointed and authorized by the Board of Directors to assist the Board in fulfilling its responsibility to strengthen corporate governance and practices particularly on related party transactions (RPTs). The authority of the Committee is taken from the Company's By-Laws, Charter, and from separate Board delegations, resolutions and approvals as may be granted by the Board from time to time.

- A. Approve and/or review and endorse for approval of the appropriate approving authority all RPTs that are considered material, based on the Company's internal regulations.
- B. Formulate, revise and approve policies on related party transactions;
- C. Conduct any investigation required to fulfill its responsibilities on RPTs;
- D. Consult or retain at the Company's expense such as outside legal counsel, accounting or other advisers, consultants or experts as the Committee may consider necessary from time to time to carry out its duties;
- E. Access all the Company's records in order to perform its responsibilities.

The Committee is composed of three (3) members of the Board of Directors, two (2) of whom are Independent Directors, including the Chairperson.

The Committee, at all times is entirely composed of independent directors and non-executive directors, with independent directors comprising majority of the members.

Operating Policy

Evaluation of Related Party Transactions.

In assessing material agreements of any kind with a related party in determining whether to approve, ratify, disapprove or reject a related party transaction, the following are taken into consideration:

- Term of the transaction;
- The Related Party's interest in the transaction;
- The purpose and timing of the transaction;
- Whether the Company is a party to the transaction and if not, the nature of the Company's participation in the transaction;
- If the transaction involves the sale of an asset, a description of the asset including date acquired and costs basis;
- Information concerning potential counterparties in the transactions;
- The approximated value of the transaction and the approximated value of the Related Party's interest in the transaction;
- Description of any provisions or limitations imposed as a result of entering into the proposed transactions;
- Whether the proposed transaction includes any potential reputational risk issues that may arise as a result of or in connection with the proposed transaction; and
- Purpose of the transaction and potential benefits to the Company.

Disclosure of Related Party Transactions.

RPTs are properly disclosed in the Company's audited financial statements.

Whistleblowing Policy

BPI MS is committed to integrity and ethical behavior by helping foster

and maintain an environment where employees can act appropriately without fear of retaliation. The objective is to encourage all employees to disclose any wrongdoing that may adversely impact BPI MS, its customers, shareholders, employees, investors or the public at large and to protect the whistleblower from reprisal. The confidentiality of the whistleblower's identity shall be maintained to every extent possible. All reports shall be treated with total confidentiality and anonymity is guaranteed, if requested. An individual who makes a protected disclosure shall not suffer harassment, retaliation or adverse employment consequences. Any person who retaliates against any individual who makes a protected disclosure shall be subject to discipline, which may include termination. Whistleblowing contact points are regularly published, while available modes of reporting, recommended contents and timing of the report are provided in the Policy.

Money Laundering and Terrorist Financing Prevention Program

BPI MS is committed to playing its role in the fight against money laundering and financing of terrorism and refuses to allow itself to be used for these criminal activities.

In this regard, BPI MS maintains a Money Laundering and Terrorist Financing Prevention Program which incorporates the core principles and governing policies comprising the BPI Unibank Anti-Money Laundering Program, as well as the basic requirements of the Anti-Money Laundering Act, as amended and its Implementing Rules and Regulations, as well as pertinent memorandum circulars

from various regulatory bodies and internal policies are covered herein.

Data Privacy

BPI MS is committed to protecting the personal data of all its stakeholders pursuant to the Data Privacy Act of 2012 (R.A. 10173) and its implementing rules and regulations. Protecting the personal and sensitive data of its clients, employees, directors, business partners, third-party vendors is an integral part of its annual Compliance Program, which includes the collection, use, storage and the destruction of personal data. In line with the Data Privacy program of the Company, products, services, and transactions are subjected to privacy impact assessments to ensure that necessary internal controls are implemented to protect personal data. To ensure that all employees are reminded and updated on developments, annual mandatory Data Privacy training is held by the Company, while compliance rates are regularly monitored and tracked by the Data Privacy Office.

The Data Privacy Statement and corresponding seals are posted in the Company's website.

Supplier Selection

BPI MS follows a supplier selection process with defined criteria. The Company distinguishes between critical and non-critical supplies. For non-critical items, BPI MS utilizes either BPI's accredited supplier list or the requesting unit's approved vendors. BPI's Facilities Services Group (FSG) provides the accredited supplier list and makes it available for department

purchases. Vendors not on the list are referred to FSG for accreditation. Company/Unit-specific vendors are accredited and evaluated according to the Company/Unit's Accreditation and Evaluation Guideline.

For critical supplies, preferred suppliers are selected from BPI's accredited list based on price (40%), quality (35%), and lead-time or timeliness (25%). Competitive pricing, reliable products and services, and timely delivery without reminders define these criteria. Ratings range from Excellent (100%) to Unacceptable (below 50%), with Purchasers transacting only with suppliers rated Acceptable or higher.

Rewards Policy

BPI MS aims to be competitive in its employee rewards program to retain and attract talents. The Company partnered with a leading global advisory company to carry out a company-wide job evaluation and salary review project, and output is being used in its actions to align total compensation where there are gaps. The Company will regularly review its total compensation to be competitive in cash components and to offer elements that strengthen employee well-being.

Our Stakeholders

Our Workforce

BPI MS is taking steps to build an organizational culture grounded on customer centricity, results orientation, learning and growth mindset, and modeling of leadership behaviors. To achieve this, people practices, technology and processes will be continually improved to support the culture-building initiatives. The Company aims to ensure that employees work in a safe, healthy, and productive environment. Flexible work arrangement or hybrid work schedule, a necessary offshoot of the pandemic, is kept by the Company not only as an element to attract talent but more importantly underscores the culture of trust and accountability in the organization.

Training and Development

Employees are provided opportunities for learning and further development to achieve excellent performance. All employees have access to the online learning platform of parent company BPI for the mandatory courses such as Money Laundering Prevention Program and Code of Business Conduct and completion of these mandatory courses in 2023 was at 98% of the 517 employees. Select managers and talents have access to LinkedIn Learning and can curate for themselves the courses targeted to address their learning goals. Plans are in place to have more in-person learning sessions focused on business knowledge, leadership and communications.

Employee Benefits

Attracting and retaining talent is vital to our growth ambitions. We keep our total rewards aligned with the market and compensation actions are supported by data. We recognize the competition for good talent and the Company aims to regularly review our rewards structure to ensure that what we offer our employees are relevant and competitive.

Employee Engagement and Safety

BPI MS participates in a BPI Group-wide employee engagement survey every two years which allows us to validate our strengths and give us insights on how to improve our employees experience. In our 2023 engagement survey, Customer Focus, Ethics, Values & Corporate Governance are highlighted as the Company's strengths. To strengthen engagement, we are taking steps to deliver programs to give wider career development and opportunities and improve total rewards.

Employee safety is a prime consideration. While regulations are in place to ensure a safe and healthy work environment, the Company is taking further steps to ensure that overall well-being is improved. Health care cover includes mental health consultation and treatment, and office premises will be renovated to allow for flexible work spaces and elements proven to boost productivity.

Our Clients

BPI MS continues to step up its capabilities to empower more Filipinos in securing their finances, future, and dreams. The Company continues to strengthen its distribution channels to bring itself closer to making property and casualty insurance available for every individual, household, and business.

BPI MS stepped up innovations in 2023 by making pre-approved Home Protection solutions available in its flagship online sales platform, BPI MS Express Protect. As a result, just a few taps on the mobile phone and subject to certain parameters, clients may protect the value of their prized homes from natural catastrophes such as Fire, Typhoon, Earthquake, and Flood for an entire year. This is a first in the insurance industry where home insurance may be availed via a seamless process in an online platform – from quotation to payment to receipt of policy in real-time. Business partners such as accredited agents and bank referrers also benefit from this platform as it allows them to deliver policies to their clients instantly.

In pursuit of financial inclusivity, BPI MS and the leading consumer finance provider, Home Credit Philippines, renewed their partnership to continue providing property insurance solutions to

Our Client

the latter’s customer base. The growing partnership with Home Credit that makes Home Contents insurance available to borrowers continues to reach more and more households as it entered the program’s second year. With a painless application process that gives customers an option to fold insurance premiums into their loan amortization, loan clients can immediately have the value of their household furniture and appliances secured. BPI MS and Home Credit continue to work together to deliver even more robust coverages in 2024 and beyond.

For the technologically savvy who face the threats of cyber risks every day, BPI MS delivers hope in the face of digital fraud with the launch of its Personal Cyber Insurance for GCash Visa Card holders and for BPI Debit Mastercard® customers. With this product, clients can ease their fears and worries around using their e-wallets or paying with their cards. While these payment solutions come with security and protection features of their own, there is no harm to additional layers of protection, and there is no such thing as too much peace of mind. Some of the key features that Personal Cyber Insurance offers include

coverages for lost card, reimbursements for unauthorized transactions, and cash to cover legal fees paid to recover stolen identities and undelivered goods.

Perhaps most notable in 2023 was the launch of the digital version of Personal Accident 365 (PA365), the most practical, value-for-money and unmatched-in-the-market insurance solution of BPI MS. It offers Php 1 Mn coverage for accidental death and permanent disablement for only Php 1 per day, that is, Php 365 a year. While BPI MS has paid out millions to beneficiaries for this product, the application for PA365 used to be paper-based. By developing and launching a microsite that allows for streamlined application, online payment and real-time receipt of confirmation of coverage, BPI MS aims not only to broaden the reach of PA65 but to make purchase easy for those who need it the most.

BPI MS is relentlessly improving its processes and solutions, careful to keep the customer in the center of innovation and digital transformation. By this, we hope to empower every Filipino’s resilience, sparking hope for them with our insurance solutions as we together build a future where dreams can grow and prosper.

Sustainability

Our sustainability initiatives aim to contribute to the sustainable development of the country. We are mindful of the impact of our business operations on the environment by trying to reduce our carbon footprint. We continue to leverage technology and simplify our processes for less paper consumption.

To strengthen our commitment to **climate change mitigation**, we promote our digital platforms and tools for paperless transactions to minimize our business operations’ carbon footprint. Likewise, we will no longer insure new and established coal-fired power plants. We continue to support clean energy sources by insuring several renewable energy projects. To support the reduction of carbon emissions, we insure green vehicles such as electric and hybrid cars.

We promote **financial inclusion** by providing underserved and low-income customers with affordable insurance products. For many years, we have been working with BankO in providing microinsurance products to their customers. We also offer several affordable personal accident and casualty insurance variants. Likewise, through our partnership with a lending company, we have made

fire insurance more accessible to the mass market by providing low-priced home contents insurance to customers who buy appliances and gadgets.

Financial education is important in helping our customers make better financial decisions and reach their financial goals. For this reason, we offer training to our intermediaries to equip them with the knowledge and skills needed to provide their customers excellent service and the appropriate insurance products and services.

The **well-being of our employees** is important to us. We promote an environment with work-life balance to achieve optimal health, which results in a workforce that is highly engaged and productive. Webinars on physical and mental health awareness were conducted to support and educate our employees on maintaining and improving their physical and mental well-being.

Through our responsible business practices, we will continue to integrate sustainability into our operations as we endeavor to contribute to a sustainable future of our stakeholders and of future generations.

Risk Management

Enterprise Risk Management

The Company has a comprehensive and integrated Risk and Capital Management Framework guiding the management in managing all its risk exposures to ensure that it has adequate capital to cover and mitigate these risks.

It includes the Own Risk and Solvency Assessment (ORSA) which summarizes the processes, outcomes, as well as the capital position and the underlying risks of the Company as they relate to objectives and Board-approved risk appetite, business strategies and inherent risk profile.

This framework is consistent with the risk management processes of the Company's parent companies – BPI and MSIG.

Risk Policy

The Board carries out its risk management function through its Risk Management Committee, which is tasked with nurturing a culture of risk management across the entity, proposing guidelines and regularly reviewing risk management appetite structure, tolerance, thresholds and limits, and issues within the organization, in order to meet and comply with regulatory and internal standards on risk management.

Major identified risks in the business are underwriting risk, natural catastrophe risk, reserving risk, credit risk, market risk, liquidity risk and operational risk (people and process risks, information security, compliance and regulatory risks and reputation risk, amongst others).

Control System

The Risk Management Committee (RMC) of the BPI MS Board of Directors oversees and manages the Company's exposures to risks and monitors its regulatory and internal capital adequacy vis-à-vis these exposures to risks. The committee nurtures a culture of risk and capital management across the Company and implements as well as oversees the enterprise risk management program (ERM) to assist the Board in fulfilling its corporate governance responsibilities relating to the management of risks.

The Risk Management Working Committee manages the Company's risk exposures at the management level. The Head of Risk Management Department leads the Risk Management Office (RMO) with the support and guidance of the MSIG Headquarters Asia's ERM team. The Risk Management Working Committee and the Risk Management Office

support the RMC by recommending risk management policies and methodologies as well as closely coordinating and facilitating risk management best practices with the various business units. In the process, the RMO promotes an enterprise-wide risk management awareness, learning and appreciation.

Dividend Policy

The policy provides a definitive framework for BPI MS to ensure that dividends are paid to shareholders out of post-tax profits.

As a Policy, BPI MS can declare and pay up to 100% of post-tax profits annually after considering the following:

- Capital after the dividend payment to satisfy local solvency requirements and capital management plan;
- Statutory reserve required by local regulation;
- Planned new investment / business using the Company's own capital and
- Change in local solvency requirement.

2023 Highlights & Activities

AWARD:

One Golden Arrow Award

We received a Golden Arrow Award for garnering a score of 82.69 points in the 2022 Corporate Governance Scorecard Assessment. We are one of four non-life insurance company awardees with a score of 80 points and above. The Golden Arrow Awards is an annual corporate governance recognition program for companies with exemplary outcomes in their ASEAN Corporate Governance Scorecard Assessment.

PRODUCTS LAUNCHED:

Personal cyber insurance (PCI)

As the number of digital transactions increase, more Filipinos are becoming vulnerable to cybercrimes and online fraud. Our partnership with BPI Debit and an e-wallet enabled us to offer personal cyber insurance with a comprehensive range of benefits. Our personal cyber insurance protects the cardholders' online transactions against fund transfer fraud and identity theft. Reimbursement is also provided for items that are accidentally damaged and for purchases that are undelivered by a fraudulent user.

PA 365 Plus

We endeavor to provide relevant products to our customers. So, we developed a new variant of our PA 365 Plus product. The new variant provides financial assistance in case of hospitalization due to dengue and food poisoning.

Travel PA with COVID-19 coverage

We launched our travel insurance product with COVID-19 coverage as the demand for domestic and international travel continue to surge.

PARTNERSHIPS:

Renewal of partnership with a lending company

We have renewed our partnership with a lending company to make home insurance more accessible to the mass market by providing low-priced contents insurance to customers who buy appliances and gadgets.

SUSTAINABILITY:

Insurance for electric and hybrid vehicles

We started insuring electric and hybrid cars to support the reduction of carbon emissions by shifting to green vehicles.

BPI MS Iloilo Branch's tree planting activity

On September 24, 2023, BPI MS Iloilo Branch and We Are Ayala Business Club (WAABC) participated in a tree planting activity at Maasin, Iloilo Watershed.

CORPORATE SOCIAL RESPONSIBILITY:

Relief operations for Typhoon Goring victims

Through Ayala Foundation, BPI MS Iloilo Branch assisted the flood relief operations for our countrymen who were affected by monsoon rains caused by Typhoon Goring in Oton, Iloilo on September 13, 2023.
